External Training Course:

The Agile Supply Chain Master Class

From 07 Apr. To 11 Apr. 2025   Fees: 2500 KD
From 30 Jun. To 04 Jul. 2025   Fees: 2500 KD
From 04 Aug. To 08 Aug. 2025   Fees: 2500 KD

Why Choose The Agile Supply Chain Master Class Training Course?

Agility is no longer an option but a necessity for supply chain excellence. The Agile Supply Chain Master Class Training Course provides participants with the essential knowledge and skills to transform traditional supply chains into responsive, customer-centric, and resilient operations.

The course dives deep into the core principles of Agile Supply Chain Management (ASCM), offering actionable insights into lean manufacturing, agile procurement, responsive logistics, and collaborative supply chain networks. By engaging in this training, participants will learn to overcome the challenges of implementing agile practices, achieve improved performance metrics, and foster innovation and adaptability in supply chain operations.

This Training Course Will Feature:

Comprehensive understanding of Agile Supply Chain Management (ASCM) principles and benefits.

Strategic tools for customer-focused supply chain design.

Key comparisons between traditional and agile supply chain models.

Practical guidance on implementation challenges and success factors.

Techniques for agile quality, compliance, and performance measurement.

What are the Goals?

By the end of this The Agile Supply Chain Master Class Training Course, participants will be able to:

- Grasp the fundamental principles and applications of ASCM.
- Develop and execute strategic agile supply chain plans.
- Foster collaboration and communication within supply chain networks.
- Implement lean and agile practices across supply chain functions.
- Enhance supply chain responsiveness to meet dynamic market demands.
- Measure and continuously improve supply chain performance.

How will this Training Course be Presented?

This The Agile Supply Chain Master Class Training Course employs a blend of modern learning techniques to ensure participants gain both theoretical knowledge and practical application skills. Key methods include:

- Interactive lectures for foundational understanding.
- Case studies analyzing real-world agile supply chain transformations.
- Group discussions to foster collaborative learning and idea sharing.
- Hands-on exercises for immediate application of learned techniques.

The Course Content

Day One: Fundamentals of Agile Supply Chain Management

- ASCM framework and principles.
- Customer-focused supply chain design.
- Agile planning and forecasting.
- Lean and agile manufacturing concepts.

Day Two: Agile Procurement and Sourcing

- Agile procurement strategies.
- Supplier collaboration and partnership.
- Sourcing and contract management.
- Supply chain risk management.

Day Three: Agile Logistics and Transportation

- Agile transportation planning and execution.
- Real-time visibility and tracking.
- Warehouse and inventory management.
- Cross-functional team coordination.

Day Four: Agile Quality and Compliance

- Agile quality management system (QMS).
- Compliance and regulatory requirements.
- Continuous improvement and innovation.
- Supplier quality management.

Day Five: Agile Supply Chain Performance and Measurement

- Key performance indicators (KPIs) for ASCM.
- Metrics for measuring agility and responsiveness.
- Data analytics and business intelligence.
- Continuous improvement and sustainability.

Program Agenda:

(1st Day) Agenda

8.30	9.00	Opening Remarks (30 Min.).
9.00	11.30	DISCUSS COURSE OBJECTIVES: • Fundamentals of Agile Supply Chain Management. • Agile Procurement and Sourcing. • Agile Logistics and Transportation. • Agile Quality and Compliance. • Agile Supply Chain Performance and Measurement.
11.30	12.00	Coffee Break
12.00	14.00	Fundamentals of Agile Supply Chain Management • ASCM framework and principles. • Customer-focused supply chain design. • Agile planning and forecasting. • Lean and agile manufacturing concepts.
14.00	14.30	Questions and Discussion
14.30		Buffet Lunch

(2nd Day) Agenda

9.00	11.30	Agile Procurement and Sourcing • Agile procurement strategies. • Supplier collaboration and partnership.
11.30	12.00	Coffee Break
12.00	14.00	Agile Procurement and Sourcing • Sourcing and contract management. • Supply chain risk management.
14.00	14.30	Questions and Discussion
14.30		Buffet Lunch
